

REQUEST TO DEFER GRADUATE DEGREE ADMISSION

Congratulations on your admission to The University of Vermont Graduate College! Although you have been admitted, deferring your admission to another term does not guarantee future admission or funding (if applicable). If you have chosen the option to defer, you must first obtain permission from your program. The initial request must be submitted directly to the office of Graduate Admissions, who will forward it to your program for review and approval.

NOTE:

This form should be used for degree applicants who have been admitted or admitted conditionally but now wish to defer their admission for up to one year.

It **cannot** be used for the following:

- Non-degree applicants
- Denied applicants
- Applicants who were cancelled due to their file never being completed
- Applicants who have already deferred their original application (Only one deferral per application is permitted).

To process this form, please complete it and send it to Graduate.admissions@uvm.edu. The form will be sent to the Program for review/approval, and once a decision has been made a Graduate Admissions representative will respond to your email.
