DPT PROGRAM MANDATORIES

DPT Mandatories are program specific student records of health immunizations, insurance information, healthcare provider training, membership, and background screen requirements that students need to participate in the program.

IMPORTANT NOTES FOR SECOND YEAR DPT STUDENTS:

Annual (every year) DPT program Mandatories:
- Health Insurance (even if the information remains the same)
- 2-step PPD (Tuberculin Skin Test)
- Influenza vaccination
- HIPAA/OSHA training
- APTA membership

Bienniel (every 2 years) DPT program Mandatories:
- Background Screen
- CPR certification

Refer to page 3 for due dates and guidelines. Students should reference their individual renewal due dates located on their unique CastleBranch.com account. Students will not be able to participate in Clinical Correlation experiences if they are not in DPT program mandatory compliance.

HIPPA/OSHA training is required annually. This training is provided by Evolve e-Learning Solutions, a web-based training provider for HIPAA and OSHA courses. You will receive an email from lmsadmin@evolvelms.com with a link to login and take the refresher courses by 5/15/18. If you do not receive this email, check your SPAM folder to make sure it is not there. NOTE: when you begin your training you will need to “Allow Pop-Ups” by going to your tool bar under Tools and Options and allow the popups.

2-step PPD (TB Skin Test) notes: The annual 2-step tuberculin skin test takes 10 – 21 days to complete and 4 visits to a healthcare provider. Be sure to allow sufficient time to complete the process. CastleBranch.com will send students email reminders 21 days prior to the due date.

If you choose to have a TB Blood Test in place of the 2-step PPD, only one blood test is required annually and the same deadline dates should be followed.
Many local walk-in clinics and pharmacies provide immunization services. Be sure to bring the appropriate CNHS form with you. Lab reports are not accepted by CastleBranch as proof of immunization. UVM Student Health does not bill private insurance companies. Any immunizations received at the UVM Student Health office will be billed to the student’s UVM account. You will need to submit your receipt to your own insurance provider.

Students need to submit their DPT mandatories directly to their CastleBranch.com account.

Mandatory information can also be found on the College of Nursing & Health Sciences PT mandatories website here:
http://www.uvm.edu/~cnhs/?Page=student_services/gradmandatories.html

If you have any questions regarding mandatories, contact Lisa McClintock, Clinical Education Administrator in the Department of Rehabilitation & Movement Science: lisa.mcclintock@med.uvm.edu, or (802) 656-3014.
Class of 2020 DPT MANDATORIES

It is the student’s responsibility to ensure completion and maintain yearly compliance.

Keep copies of all documents. Save this document for reference throughout the program.

**IMPORTANT NOTES:**

Some clinical education facilities require additional site requirements such as: drug screen, site specific criminal background check, site specific documents, etc. Be prepared to provide additional documents to your site assignment as needed.

*If you visit the Center for Health and Wellbeing for your immunization/serology work, you can request a receipt and file it along with the claim to your insurance company*

*It is your responsibility to keep track of timely submission of your requirements and to keep them updated.*

*Keep a copy of all requirements in a binder for your reference and use during your clinical experiences*

*If you know you will be unable to meet the above deadlines for extenuating circumstances, you should schedule a meeting with Lisa McClintock – Lisa.McClintock@med.uvm.edu*
Proof of Health Insurance Form- Submit this form AND copy of insurance card

*The University does not pay medical costs resulting from injury during clinical/practicum rotations or other curricular activity unless this injury is due to negligence of the University. All CNHS students are required to carry their own health insurance. It is your responsibility to resubmit your insurance if there are any changes.

Subscriber/Member ID ___________  Primary Subscriber’s Name ___________
Insurance Carrier ___________  Subscriber’s Relationship to You ___________

It is MANDATORY that you scan and upload this form to CastleBranch

The information included on this form maybe released to the infection control officer and clinical education coordinators at sites where you perform your clinical education experience.
Second Year DPT REQUIREMENTS

**PPD - Tuberculin Skin Test**

*BCG vaccine does not preclude the need for PPD testing or chest x-ray*

<table>
<thead>
<tr>
<th>Date given:</th>
<th>Date read:</th>
<th>Results (mm):</th>
</tr>

<td>2)</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

*circle result* : pos  neg

Per CDC guidelines, placement of 2nd PPD should be 1-3 weeks after first PPD is read.

**IF FIRST TIME WITH A POSITIVE PPD:**

Must have chest x-ray. Please attach copy of radiology report, and list results.

**IF HISTORY OF A POSITIVE PPD:**

1) Obtain TB Symptom Checklist from Department
2) Take the TB Symptom Checklist to your appointment and give to your health care provider to complete

*Please note, depending on your site placement, an updated chest x-ray may also be required if you have a history of a positive PPD.*

**Licensed Health Care Provider Attestation**

By signing below, I affirm that I am a licensed health care provider. I am aware that leaving any required fields blank will result in the student being **unable to progress in his/her major** at the University of Vermont.

Signature of Licensed Health Care Provider  
Credentials  
Date

Clinic Stamp or Printed Name of Provider  
Provider Telephone Number

**Submit Form to CastleBranch**

Please note, UVM’s Center for Health and Wellbeing will not submit your paperwork for you. You will need to pick up your documents and submit them to CastleBranch.

The information included on this form maybe released to the infection control officer and clinical education coordinators at sites where you perform your clinical education experience.
## INFLUENZA VACCINE PRE-CLINICAL REQUIREMENT

**COPIES OF MEDICAL RECORDS/LABS WILL NOT BE ACCEPTED.**

### Submit form to CastleBranch

Please note, UVM’s Center for Health and Wellbeing will not submit your paperwork for you. You will need to pick up your documents and submit them to CastleBranch.

The information included on this form may be released to the infection control officer and clinical education coordinators at sites where you perform your clinical education experience.
Frequently Asked Questions

General Questions

Q: How do I submit my documentation?
A: The College of Nursing and Health Sciences uses an online immunization tracker for health clearance and mandatory requirements for all programs. Once you register you will use the same account for the length of time you are in the College of Nursing and Health Sciences. Instructions regarding the use of CastleBranch for submitting your program mandatories will be emailed to you. Please note, UVM Student Health will not submit your documents for you. You will need to pick up your documents and submit them to CastleBranch.

Q: What happens if I can't submit my mandatories by the deadline?
A: It is imperative that you plan ahead to ensure that your mandatories are completed by the deadline. If you fail to submit your mandatories by the deadline, you will not be able to participate in your clinical experience and your instructor will be notified.

It is important to give yourself plenty of time to complete these requirements and to pay attention to email reminders and take action on requests.

Physical Examination

Q: Is a physical examination required??
A: Third year DPT students are required to show proof of a physical exam by their healthcare provider.

CPR Certification

Q: What CPR certifications will you accept?
A: American Heart Association Basic Life Support for Health Care Providers only.

Q: What if my CPR certification will expire during my clinical education experience?
A: It is your responsibility to be aware of your CPR certification expiration date. Your CPR certification is required to be valid for your entire clinical education experience. If your CPR certification will expire during your clinical, please renew it BEFORE your clinical starts and submit an updated copy of the front and back of your CPR card with signature(s) to CastleBranch.

Q: Will you accept the American Red Cross Challenge Exam for my CPR Certification course?
A: No, the American Red Cross Challenge Exam is not accepted. It serves as a refresher and not a certification course.

Q: How do I find out about upcoming CPR classes?
A: CNHS offers CPR courses at least twice per semester. You will receive email notices regarding how to sign up through http://vtsafetynet.com/ for upcoming CPR course dates.

Q: How do I register for a CPR class?
A: To register for a course through the American Heart Association, go to http://vtsafetynet.com/
Click on the “Take a Course” tab at the top. Click on the “BLS for the HealthCare Provider” course and fill out the registration. Payment will be due in cash at the class. (It will say FREE on the website but that is
only for registration purposes.) The course we offer are $40 and are offered at a substantially discounted cost for UVM students.

**HIPAA/OSHA Training**

**Q: How often do I need to complete HIPAA/OSHA training?**  
**A:** Annually. DPT 2\textsuperscript{nd} and 3\textsuperscript{rd} year students are required to take an abbreviated refresher course.

**Q:** What happens if I can’t access my coursework once I sign in to Evolve?  
**A:** In order to see your courses you should make sure you allow Pop-Up Windows. You can do this by going to your toolbar under Tools, Options, and Privacy and Security and making sure that the Block pop-up windows is not checked off.

**Influenza Vaccination**

**Q:** Am I required to get a flu shot?  
As a CNHS student you are required to receive the influenza vaccination to protect yourself, and patients with whom you come into contact. Most internship sites require students to receive the influenza vaccination within flu season. This is typically October – April.

**PPD**

**Q:** If I have a PPD Skin Test and it is positive, what should I do?  
**A:** First time positive only:  
You will need to be assessed to determine why the skin test is positive. Reasons may include previous BCG vaccine, latent TB (exposed, but not active), or active TB. This will require a symptom review done by your healthcare provider and chest x-ray. First time positive, you will need to submit a copy of the radiology report, the Symptom Checklist form, and the PPD form signed by your healthcare provider to CastleBranch.

**Q:** If I have a history of a positive PPD, what should I do?  
**A:** Do not get another PPD skin test because this will continue to result as a positive. Instead, ask your healthcare provider to perform a TB symptom review. Bring your TB Symptom Checklist form to your appointment for the healthcare provider to fill out and sign. You will then need to submit your Checklist in CastleBranch.

**Q:** What if I have difficulty getting an appointment with my doctor for my PPD?  
**A:** You often do not need a full office visit appointment for the placement and reading of your PPD. Ask if a nurse can place/read your PPD instead. Walk-in clinics and pharmacies will also provide these services.

**Additional Questions**

**Q:** How will I know when my mandatories have been completed?  
**A:** Is it your responsibility to keep track of the documents that you submit to ensure you have met all requirements. **You will know your mandatories are complete when all document trackers on your CastleBranch.com account display a green check mark.** It is your responsibility to coordinate and maintain compliance and record keeping. The program will facilitate coordination to clinical sites, but
this does not eliminate the need for you to maintain quickly available, complete and updated requirements at any time.

Proof of Health Insurance, the Health Insurance form, PPD test, and the Influenza vaccine are all annual requirements.

Q: Does CNHS cover the cost of my immunization and serology work?
A: It is your responsibility to cover the cost. If you visit Student Health for your immunization and serology work, you can request a receipt and file it along with the claim to your insurance company.

Q: Who do I contact if I have additional questions?
A: Lisa McClintock  
College of Nursing and Health Sciences  
106 Carrigan Drive, 310 Rowell  
Burlington, VT 05405  
(802) 656-3014
