Submit the Modification to the IRB Office for Processing

After exiting the online smartform by clicking [Finish], the status of the submission will still display as “Pre-Submission” and will remain visible in your in-box until submitted to the IRB Office for processing.

**REMEMBER:** Click the activity on the left that says “Submit”. If you do not see an activity called “Submit” that means that you are not designated as the PI or the Proxy.

**Submission Rules:**
- Only the PI and any assigned Proxies have the authority to submit requests to the IRB office. And therefore, they are the only ones who will have the “Submit” activity.
- Only the PI is able to assign a new Proxy. See the user guide called “How to Assign A Proxy” on the UVMClick-IRB website.
- A Proxy must be a member of the study team membership list and have completed the required HS training

Click the **Submit** activity

After clicking the **Submit** activity, certification text will appear. Read the text and click **OK**.

If there are any required fields that you forgot to enter, the Submit process will display them.

You can use the pop-up to Jump To those particular screens quickly and enter the missing data.
NOTE: These Errors/Warning Messages only appear if required field entry was missing.

When clicking the **Submit** activity, once all required field entry is complete, certification text will appear. Read the text and click **OK**.

Once submitted, the status of the Modification is no longer “Pre-Submission”. It has changes to “Pre-Review” indicating it is in the hands of the IRB Office for processing.

You will also note that the Modification is now in View Mode and no longer in Edit mode.

The Modification has now been submitted and removed from your “My Inbox.” It now displays in the IRB Office “My Inbox.”
