

NFS 198/298
NFS Undergraduate Research
Fall 2019/Spring 2020

Instructor: Sylvia M. Geiger, MS, RD
Office: 255 Carrigan, Marsh Life Sciences Building
Phone: 922-1460 (cell)
E-mail: sylvia.geiger@uvm.edu

Office Hours: By appointment
Course Credits: 1- 6 hours.

Course Summary:

NFS 198/298 is an opportunity for students to gain research experience in nutrition and food science under the supervision of an NFS faculty member. Students gain the skills to learn, problem solve, think critically and work independently while earning academic credit. Juniors and Seniors should register for NFS 298.

Course Requirements:

Research experience 45 hours/credit	95 pts
Professionalism	<u>5 pts</u>
	100 points

Course Expectations

- Students will develop an agreed upon contract stating goals, objectives and time commitments with their research supervisor.
- Students are expected to work 45 hours per credit under the direction of research supervisor.
- Students will demonstrate professional behavior both at the research site and with the course instructor. All required paperwork (contract, supervisor evaluation and self- evaluation) will be completed in a timely manner.
- Students will access all course instructions on BB.
