九龙柏

此树是一株500余岁的古老的桧柏。树干挺拔粗壮，形象奇特，树干表面遍布纵向沟壑，并随着主干的升高而扭曲上升，状如九条蛟龙盘旋腾飞，故称“九龙柏”。

Nine-Dragon Juniper

This is a Chinese juniper (*Juniperus chinensis*) of 500 and more years of age. Straight, robust and in a grotesque shape, the trunk is covered all over with spiral grooves which twist up vertically along as if nine coiling dragons were wreathing up into the sky, and hence the name of "the Nine-Dragon Juniper".
