- Player is actively looking and asking about Odysseus and because of this monsters and townspeople in certain places will get upset and might attack player for what Odysseus did to them

# Levels Gameplay

- To win game player must get through 11 levels
- Each level takes place in an island or town that Odysseus goes through in his travels

## IMPROVEMENTS

- There is still a lot of work that can be done to make this game better
- I do not know a lot about game design, but I wanted to challenge myself
- I think there can still be a lot of work done in the areas around the places the player goes to find Odysseus and the interactions in the places
