THE UNIVERSITY OF VERMONT

Nuclear Medicine Technology Program

On-Call Competency

The requirement is that the student be assigned to call along with a regular staff technologist. The student must wear a pager, and hopefully will be paged to respond to a call to assist the staff technologist.

A student must wear a pager at least 15 times, or until he / she gets paged (whichever is less).

Please enter the following information:

Date	hours on-call	supervising technologist	was student actually paged and responded to a call? (Y or N?) If Yes, indicate the clinical procedure done on-call.
