To Login to Verasmart, you MUST click on Login via Windows. This will allow you to use your Netid and password to login. Click on Login via Windows.
The Verasmart Login is on the Campus domain. If you do not see the Domain listed as Campus, you must type campus\ before your netid.
Use your regular NetID password as your login credentials.
If this is the opening screen when you login please click on My Procurement Portal to open the screen that will allow you to enter work orders.
Click on the icon that best describes the type of work you need done and fill in the information.
