

Call for Proposals for UVM Faculty Travel 2002

The newly established Vermont Genetics Network (VGN) is supported by a \$6M, three year, NIH Biomedical Research Infrastructure Network Grant. The VGN is a collaboration among the University of Vermont, Johnson State College, Middlebury College, St. Michael's College and Norwich University, to develop science infrastructure and also the careers and training of faculty and students in science. Information on how you can participate in this program is listed below. You may also visit our website www.uvm.edu/~biology/vgn for more information about our activities.
